Subject: Comment on Proposed Rules

As an E-Notary, I am interested in bringing in income using my NC notary commission. It would be a beneficial opportunity if when the new RON rules are made, NC considers adding additional platforms to the list of available platforms. Notarize, Pavaso, Doc Magic, etc.. are a few platforms that are unavailable to NC notaries. We serve the state of NC but as individuals, we also have family expense. Please allow us the additional opportunities.

R. Jones
