

Session Law 2019-140 (HOUSE BILL 590), An Act To Amend Various Administrative Procedure Laws amended the Administrative Procedures Act, Chapter 150B of the General Statutes.

The amendments authorize small corrections to rules in the NC Administrative Code without going through the normal rulemaking process. Permitted changes are of two types:

- Changes to readily publicly available information including updating of telephone numbers, addresses, and website addresses, as well as correction of non-substantive typos.
- Changes to update a name of, for example, an agency when it has been re-named, and changes to correct certain citations within rules to other rules and laws.
